Project Name:	Globalizing Undergraduate Education
MIU Round:	Round 1
Sponsor(s):	College of Agricultural and Life Sciences' International Program Office
Coordinator(s):	John Ferrick
Partner(s):	International Academic Programs (IAP), Center for International Business Education and Research (CIBER), International Engineering Studies and Programs (Engineering), CALS Career Services
Report Date:	Year 1, August 2010

Project Specific Goals and Measures	
Project Impact Measure(s)	• Better integrate international curriculum into courses • Increase the number of new international internship sites • Increase the number of students placed in international internships • Increase funding for students in international internships
Project Impact Data Source(s)	CALS' International Program Office will provide the number of internship sites, the number of students placed in internships and the amount of funding on an annual basis.
Baseline Measure(s)	Baseline is international internship and short term study abroad activity in 2009-10. Total is 14 sites and 142 students. **Engineering** • Mechanical Engineering/China (11 students for 6 weeks in summer) • Chemical Engineering/Austria (9 students for 10 weeks in summer) • Chemical Engineering/Spain (11 students for 10 weeks in summer) **Business** • Vietnam (20 students for 1.5 weeks during spring break) • China (22 students for 1.5 weeks during spring break and 2 students for 2 months in summer) • Ireland (3 students for 3 months in summer) • Spain (1 student for 3 months in summer) • Hong Kong (1 student for 2 months in summer) **Nursing** • Thailand, Mexico or Uganda (around 6 student per year total) **CALS** • Dairy Science/Mexico (8 students per years for 2 weeks in summer) • Horticulture/Costa Rica (18 students for 2 weeks during winter break) • Landscape Architecture/Honduras (8 students for 2 weeks in summer) • Nutrition/Uganda (16 students for 3 weeks during winter break) • India (6 students for 10 weeks in summer)

General MIU Goals and Measures (applicable to project)		
F	Decreased achievement gaps	Need CALS to specify
G	Attention to diversity in new hires	Need CALS to specify

Progress Reports		
	Year 1	Year 1 was focused on hiring and organizational activities. The staff person coordinating the internship activities was hired and is working to establish advisory groups, marketing materials, and a framework for recruiting students are administering internships. A PLV for the second position was posted in July 2010 with a targeted starting date of 10/1/2010. Progress on the internationalization of the curriculum will not be made until this person is hired.
