- Proposal 2 was deferred

I. Consent item – Minutes of the December 12, 2014 meeting
Motion by Green to approve, unanimously approved.

II. Course proposal review
Motion by Ingham, second by Brighouse to approve all course proposals. Votes are recorded following each agenda item.

A. Review Agenda

Deferred from previous meeting
1. Envir St - Gaylord Nelson Inst 974  Environmental Conservation Cohort Seminar
Type: New Course - deferred
Reviewer: Green
Action: Unanimously approved

2. Library & Information Studies 320  Topics in Community Engagement
Type: New Course - deferred
Reviewer: Green (original reviewer: Marker)
Action: Deferred - The student-instructor contact hours for approximately 2 of the credits is clear through the 10 seminars for 2 credits each (1200 minutes). The content associated with contact hours for the 3rd credit remains an issue. The proposer will be asked to describe in the syllabus and course proposal form the academic content of the service learning orientation, bimonthly placement reviews and site visit including the material being covered if these are to be included in the student-instructor contact hours.
New Proposals

3. Atmospheric & Oceanic Sciences 323  Science of Climate Change
   Type: New Course
   Reviewer: Brown
   Action: Unanimously approved

4. Curriculum and Instruction 731  Collaborative Teamwork for Inclusive School Reform
