

Grade Gap Report (D, F, Drop as a Percent of Course Enrollments) for Undergraduate Courses in 2015-16
Courses with at Least 100 Total Undergraduates (Demographic group rates shown when enrollments >= 35 students)
Sort = Descending Based on Total D, F, Drop Rate

	All Students		Male		Female		Targeted Minority		Not Targeted		First Gen.		Not First Gen.

Notes:

1. Courses shown are those with at least 100 enrolled undergraduates in Fall 2015 and Spring 2016 combined. When enrollments are less than 35 for any of the demographic groups, enrollments and D, F, Drop rates are not shown. Enrollments exclude students without a "final" grade or drop, such as those with an incomplete.
2. The D, F, Drop (DFDr) Rate is the percentage of final grades that were D or F or course drops divided by the total enrollment that received a grade or dropped the course. Grades that are not "final" (such as incompletes) at the time the report is prepared are not included in the calculation. Drops include actions after the 10th day of class.
3. Course enrollments are the total course enrollments combining all crosslisted subjects into one listing. The Department/Subject shown is the first one alphabetically. For example, Zoology 151, Botany 151, and Biology 151 are combined into a single listing and shown under Biology 151.
4. Targeted minorities are domestic (non international) students who are African American, American Indian, Hispanic/Latino or Southeast Asian (Hmong, Vietnamese, Cambodian, or Laotian). Non-Targeted students are non-domestic (international), White, Asian (other than groups notes in the targeted group, Native Hawaiian/Pacific Islanders, and those who chose not to identify their race/ethnicity at the time of application for admission.
5. First Generation students are those who indicated that neither of their parents had earned a bachelor's degree at the time of application for admission.
