\*Starting in 2008, the Dept. of Educ. changed the collection and reporting of race/ethnicity. Two new categories were added and students were able to select multiple values. For reporting, students who indicate a Hispanic background are reported as Hispanic (even if other values are reported). Students who are not Hispanic but have multiple race values are reported in the "2 or more races" category. Students who are not Hispanic and report a single race are reported in the single race categories. Prior to 2008, only a single race/ethnic value was collected and used in reporting.

For reporting, students who indicate a Hispanic background are reported as Hispanic (even if other values are reported). Students who are not Hispanic but have multiple race values are reported in the "2 or more races" category. Students who are not Hispanic and report a single race are reported in the single race categories. Prior to 2008, only a single race/ethnic value was collected and used in reporting.

Notes: Fall semester entrance cohorts include new freshmen who enrolled in the fall or in the immediately preceding summer term. Prior to the 2009 cohort, students who entered PharmD, DVM, or MD programs without a bachelors degree were counted as "graduated" when they completed 120 credits. Eligible students are now awarded a milestone bachelors degree and are counted the same way as other graduates.

Notes: Fall semester entrance cohorts include new freshmen who enrolled in the fall or in the immediately preceding summer term. Prior to the 2009 cohort, students who entered PharmD, DVM, or MD programs without a bachelors degree were counted as "graduated" when they completed 120 credits. Eligible students are now awarded a milestone bachelors degree and are counted the same way as other graduates.

This tabulation includes new freshmen who received a Federal subsidized Stafford loan in their first semester but were not Pell Grant recipients.

Notes: Fall semester new freshmen include those who started in the immediately preceding summer term. 1) The term targeted minority refers to domestic students who are African American, American Indian, Hispanic/Latino(a), or Southeast Asian. 2) The race/ethnicity categories in the Diversity section are reported using methodology and in categories required by the U.S. Department of Education. Race/ethnicity is only reported for non-international students. All Hispanic students (regardless of other values reported) are reported as Hispanic. Students who are not Hispanic who report multiple race values are reported as "2 or more races". Everyone else who is not Hispanic is reported in their single race category. Non-targeted Asians include students who reported their race as Asian but are not in one of the targeted Asian categories. 3) The term "first generation" means that neither of a student's parents earned a bachelors degree. 4) The first three financial aid categories are required by the Department of Education. The FASTrack and BANNER programs are UW-Madison programs for very low income students. 4) Military veterans are veterans whose active duty service has been verified by the Office of the Registrar.
